

## Academic Year 2022/2023

### FRAMEWORK PROGRAM OF SUMMER STUDENT PLACEMENT

#### FOR THE FIRST YEAR STUDENTS OF *DENTAL MEDICINE PROGRAM*

After completion of the first year of the program the student is obliged to:

**I. Undertake healthcare management practical placement** in public teaching hospitals or in hospital department of healthcare centres.

Head /Director/ of a teaching hospital or an appointed supervisor determines a detailed scope of duties and practical placement plan and supervises student's work.

The function of a placement supervisor should be performed by a nurse with a proper professional and general training.

Student's absence may be excused only by an officially documented sick leave. If the student is sick for more than a week, it is necessary to extend the practical placement by a due period.

Whenever possible the student, under the guidance of the supervisor, should perform all healthcare procedures and work shifts according to department's schedule.

The student is obliged to keep an internship log.

The completion of the practical placement is confirmed by the supervisor and approved by the head or the director of the department by making an entry into the internship log.

PURPOSE OF SUMMER STUDENT PLACEMENT - acquiring knowledge in the field of healthcare management, hospital organisational structure, learning about nurse's role in the process of patient's care and treatment, developing skills necessary to perform basic healthcare procedures.
